

[Groups.io] Contact mailing list admins

Mailing lists on Groups.io (or our previous offering, Mailman) are administered and moderated by LF Program Managers or designated community administrators.

To contact the admins on a Groups.io list, please email <subgroupname>+owner@lists.<your-project-domain>.

To contact the admins on a Mailman list, please email <listname>-owner@lists.<your-project-domain>.

If you're not sure which list provider is used for a project, visit the *lists.<your-project-domain>* web page and compare with the following screenshots.

UF Edge Foundation

Group Description

The online meeting for the UF Edge Foundation. To subscribe to Meeting Group chat lists, please email "background" from the chat room.

If you would like to participate in any of the subject specific chat lists on TFC or Technical University, please click on the "background" area in the left-hand navigation area and select the chat lists that are of interest to you.

For Member chat lists, please click: <https://tfc.ufl.edu/group/chat>
 For Expert Groups chat lists, please click: <https://tfc.ufl.edu/group/chat-experts>

Note: The chat room is a question regarding usage of multiple email addresses when you are speaking into the chat. Please use the following instructions or have a copy of multiple email, register after success. You need to be the manager in the top right corner of the page, click on the other user name to send address. Then click address list. From your address list, click the address you wish to add to the Group chat, select address of top user - manager - address list - address list - address list. They will be the members of the chat.

Group Information
